ACADEMIC PROFILE

BMS College of Engineering, Basavangudi	B.E. (CSE)	9.4 (CGPA)	2026
ASC PU College, Rajajinagar	P U C	98.16 %	2022
S. Cadambi Vidya Kendra, Basaveshwaranagar	S S L C	92.4 %	2020

Objective: A highly motivated final-year Computer Science student seeking full-time opportunities to apply technical expertise, academic knowledge, and collaborative problem-solving in team-driven environments.

TECHNICAL SKILLS

- ➢ **Programming Languages:** Python, Dart, Java, C.
- ➢ **Web Technologies:** HTML, CSS, JavaScript, ReactJS, ExpressJS, NodeJS.
- ➢ **Mobile Development** and **Databases:** Flutter, Firebase as BaaS, MongoDB, SQL
- ➢ **Tools and Platforms:** Git, GitHub Desktop, Visual Studio Code, Postman

PROJECTS

➢ ***OrderEase*** — Flutter, Dart, Firebase
Restaurant Order Management App — *Sep 2024 to Present*
  - o **Freelance project built for a local hotel** with multi-hotel support using unique IDs for secure data isolation and seamless role-based login (Admin, Captain, Cook, Cashier).
  - o Implemented real-time order tracking, dynamic menus, thermal billing, and inter-role communication with features like PDF report generation, note-based ordering, kitchen updates.

➢ ***Alleviate*** — Flutter, Dart, Firebase, Flask
Comprehensive AI-Driven Healthcare Platform — *Sep 2024 to Nov 2024*
  - o Developed an **AI-powered** mobile app to connect patients with doctors, featuring disease prediction, prescription handling, and **QR-based report** access for verified professionals.
  - o Achieved 97% accuracy in predictive models using Logistic Regression and Random Forest; integrated secure doctor verification via **Selenium automation** linked to the Indian Medical Registry (IMR).

➢ ***BookMyTicket*** — HTML, CSS, JS, Firebase
Movie Ticket Booking platform — *Aug 2024 to Sep 2024*
  - o Developed this platform with dynamic user/admin dashboards, Gmail login, custom seat layouts, real-time booking, and UPI/card payment with invoice generation via Email.js.
  - o **Secured 3rd place in StackHack 2.0**, an all-India hackathon by **Mercer | Mettl** with 1,000+ teams, recognized for its end-to-end functionality.

➢ ***AttendEase*** — Flutter, Dart, Firebase
Bluetooth Low Energy - powered attendance tracking mobile app — *Jun 2024 to Aug 2024*
  - o Led the development of **BLE attendance tracking app** that automated classroom attendance, aligned with NEP guidelines, and provided real-time analytics for students and teachers.
  - o Implemented **class-wise session tracking, Excel export,** along with role-based delegation and a tabular view for efficient monitoring.

➢ ***College Compass:*** College Predictor website — HTML, CSS, JS, MERN Stack

Repository: a) https://github.com/pannaga-rj   &   **b)** https://github.com/pannaga-18

EXPERIENCE

- ➢ **Web Developer Intern** – *HiDevs*
  Completed a real-world industry project by developing a job-seeking platform with GenAI-powered learning paths using MongoDB, ExpressJS, ReactJS, NodeJS. Integrated LinkedIn and other APIs to enhance authentication and user engagement.
- ➢ **Freelance Flutter Developer** – *Shree Guru Residency, Mysore*
  Developed *OrderEase*, a restaurant order management app using Flutter, Dart, and Firebase, with role-based workflows, live kitchen updates, dynamic menus, thermal bill printing, and secure multi-hotel support.

CERTIFICATIONS

- ➢ **Web Developer Internship** – *HiDevs* | Issued: *[April, 2025]* [LinkedIn Credential]
- ➢ **Python Development Course** – *Udemy* | Issued: *[June, 2025]* [Udemy Credential]

EXTRA-CURRICULAR ACTIVITIES

Social	➢ Actively participated in Green Sunday initiatives by Adamya Chetana, walkathons promoting no tobacco awareness and end-polio, and trained government school students for inter-school competitions.
Others	➢ Freestyle performance at Shree Kanteerava Stadium, participated in block-level football competitions.
